

CORROSION RESISTANT MATERIALS AND SOLUTIONS

QUALITY • INTEGRITY • FAIR PRICING • SERVICE • ACCESSIBILITY • EXPERTISE

THE NDE SOLUTION

[www.nde.co.za](http://www.nde.co.za)

# OUR COMPANY

NDE is a leading supplier of corrosion resistant materials and solutions, supported by in-depth technical advice, in South Africa and Africa.

The company is privately-owned. With a long and successful track record starting in 1952, NDE is a respected stockist and distributor to a wide range of industries.

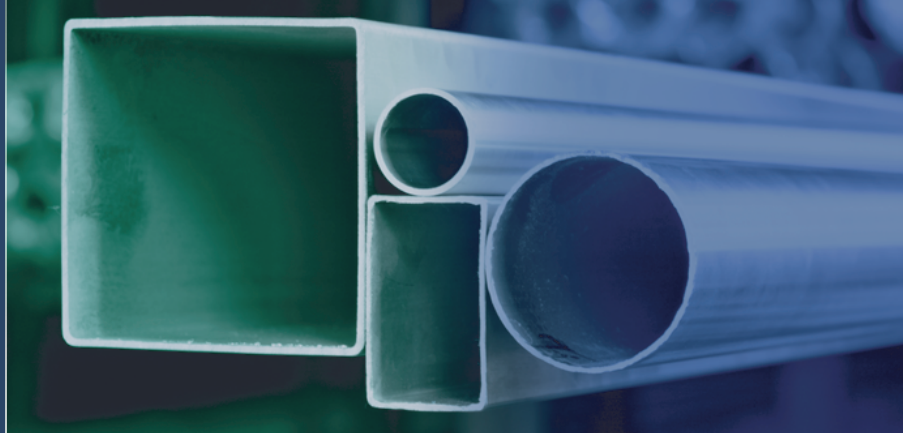

NDE sources from a well-developed global network and has a comprehensive stockholding of stainless steel and some aluminium products, available on fast turnaround from NDE's ISO 9001-accredited branches and warehouses in major cities:

- **GAUTENG** Johannesburg, Germiston, Pretoria and NDE Head Office
- **WESTERN CAPE** Cape Town
- **KWAZULU-NATAL** Durban
- **EASTERN CAPE** Gqeberha (PE)

In addition, an agency is situated in:

- **MPUMALANGA** Nelspruit

Product ranges and systems are continually refined with a constant focus on service and satisfying our customers' needs.

# OUR MARKETS

NDE provides corrosion resistant materials and solutions to a wide variety of industries including:

- Architecture and Construction
- Automotive
- Balustrading
- Catering
- Chemical and Petrochemical
- Component Manufacture
- Dairy
- Engineering
- Fabrication (light and heavy)
- Fish Processing
- Food and Beverage
- Hygienic and Ultra-Hygienic
- Mining
- Paper and Pulp
- Pharmaceutical
- Power
- Sugar
- Water
- Wine

# OUR SOLUTIONS

In continually improving every facet of our business - from staff education to supply chain and management systems.

NDE keeps one principle paramount:  
**customer service**

This translates into a focus on a hassle-free customer experience with a guarantee of:

- Product quality
- Comprehensive stockholding
- Prompt and reliable deliveries
- Accessibility to branches
- Fair pricing
- Technical knowledge and expertise
- Sourcing through a network of international and local suppliers
- Fast turnaround for walk-in and collection customers
- Friendly and helpful service

QUALITY • INTEGRITY • FAIR PRICING • SERVICE • ACCESSIBILITY • EXPERTISE

# OUR PRODUCTS

## STAINLESS STEEL

- Flat Products
- Sections
- Process and Ornamental Tubing and Fittings
- Pipe and Fittings

## ALUMINIUM

- Sheet
- Plate
- Tread Plate
- Treadbright

### Hygienic

- ✱ Tubes
- ✱ Valves
- ✱ Fittings

### Balustrading

- ✱ Tubing
- ✱ Bar
- ✱ Uprights
- ✱ Fittings

A business can survive and prosper by being honest and playing the business game according to ethical rules. The key is an open approach to the values that humans find meaningful in their day-to-day lives - values which are the same across cultures, racial groups, religions, sexes and generations."

NDE's experience, skills, commitment and ethical **core values** are what set us apart.

# OUR SPECIALISED SERVICES

## BALUSTRAD SHOWROOM

NDE's Pretoria branch offers a Balustrade Showroom and a Pre-Fabrication Service to cut, drill and weld to customers' specifications.

## INTERACTIVE PRESENTATIONS

A series of thought-provoking interactive presentations on corrosion prevention and engineering excellence in the use and benefits of stainless steel. These include Large Tank Construction, Hygienic Applications as well as topics accredited by Consulting Engineers South Africa (CESA) for CPD points in Engineering, Structural, Fabrication, Water, Desalination and Marine applications.

## PROJECTS

As your technical project partner, NDE offers a full range of products, services, logistics and technical advice.

## EXPORTS

NDE is an experienced exporter into Africa, offering a range of products for many applications in mines, projects, processing, fabrication and business, together with expertise in export logistics.

## TECHNICAL ADVICE AND SUPPORT

Technical knowledge, experience and advice for corrosion resistant solutions and appropriate grade selection for applications in many different industries.

Online support includes detailed product lists and technical data, requests for quotes, customer accounts and technical information.

## OUR VALUES

We manage our business in ways that contribute to sustainability, a motivated team and value for our customers.

Crucial to the success and operation of the company is NDE's set of values - fundamental and unchanging truths crafted into our Core Values - which govern our business and guide our behaviour:

- We believe in sincerity
- We strive to win - fairly
- We pay attention to detail
- We conduct ourselves and our affairs with integrity
- We are pleasant and respectful to all
- We achieve our best results as a team

## OUR PEOPLE

NDE's management team has significant experience and a diversity of academic and technical skills in the stainless steel and aluminium industries.

Directors and shareholders are involved in daily management and operations, ensuring accountability and attention to detail.

The operational team is made up of experienced professionals who have spent many years perfecting their knowledge and developing a tight-knit group able to offer expertise at all levels of the business.

Over 60% of NDE personnel have long-service records exceeding five years, many have served longer than 10 years and some have been with the company over 30 years.

These dedicated and long-serving staff contribute significantly to worthwhile, long-lasting customer relationships.

## OUR CORPORATE SOCIAL RESPONSIBILITY

Social responsibility activities include:

- Ongoing support of several organisations -
  - COACH children's homes (St George's, St Nicolas, St Joseph's)
  - The Hope Factory
  - NSRI (National Sea Rescue Institute)
  - Boys and Girls Town
  - SAICA Enterprise Development (South African Institute of Chartered Accountants)
- Successful Intern Programmes offering graduates hands-on experience and further education, with the opportunity for permanent careers and key positions in the NDE team.
